Overview:

Commissioning

This service starts after you have received your brand new Assembly Machine from Blumkit.co.uk or through our distribution network. One of our team can come out, set the machine up, highlight all the features and show you how to use them.

We will also offer any tips and tricks we have picked up along the way.

Servicing

Once you have one of our Assembly Machines, we want to help support you in keeping it running to the highest standard.

This is a paid for service where we will either give the machine a full inspection or address any fault that may have occurred.

Simply make contact with us. We will conduct a remote assessment where we will either book your machine into our workshop or arrange to visit your machine on site.

Warranty and Pricing

All of our machines have a one year warranty unless specified otherwise.

Your commissioning or servicing will come with free labour for the first two hours, any further work after this time will be charged at £90 per hour.

All parts are chargeable.
